

Rothesay Joint Campus - Learning and Teaching Statement of Practice

Context

We aim to become **successful learners** by working hard, setting personal targets, behaving well and through having fun.

We aim to become **confident individuals** by working through challenging but appropriate targets, valuing achievements and through mutual respect within partnerships and friendships.

We aim to become **responsible citizens** by considering our actions, manners and general behaviour. We aim to respect our school, its property and our wider community. We expect everyone to be on time, to be a positive member of our team and to have respect for everyone.

We aim to become **effective contributors** by encouraging teamwork, personal commitment, positive communication and the promotion of eco and health issues.

We aim to forge close, working partnerships with parents and all stakeholders.

Learners Entitlements

- Shared information about the purpose of learning.
- Shared success criteria.
- Constructive feedback that focuses on strengths and next steps.
- Opportunities for choice within areas of study.
- Engagement in the evaluation of their own learning and progress.

In addition to the above, learners' entitlements also include

- Gaining access to differentiated learning that meets their needs.
- Preparation and support for changes and choices.
- Support to remove barriers to learning due to circumstances that may affect short or longer term needs.
